## **FOREWORD**

The Directorate of Distance & Continuing Education, originally established as the University Evening College way back in 1962 has travelled a long way in the last 55 years. Nearly hundred thousand students have passed through the portals of this great temple of learning. We may not have numerous great tales of outstanding academic achievements but we have great tales of success in life, of recovering lost opportunities, tremendous satisfaction in life, turning points in career and those who feel that without us they would not be where they are today. There are also flashes when our students figure in best ten in their honours subjects. In 2016 in the PG exam 50 students were placed in Grade A and above. In the Management Programme 4 and 50 students were placed in E (Excellent) and A Grade respectively. In BA, B.Com. 572 students were placed in first class in the year 2016. Team DDCE feels proud and vindicated with the success stories of its students. Our perspective students must be free from despair and negative attitude. They must be enthusiastic, full of energy and confident of their future.

We are miles away from our vision and mission. Education for all and Any time – Anywhere – Any one Education are not mere slogans for us yet we alone cannot achieve a fragment of our goal without the support of all our stake holders- the civil society, government, our own University-teachers, administration and other facilitators and above all our students. We rededicate ourselves to our vision and mission.

Our high lights for 2016-17 include the following:

DDCE has taken a new initiative namely Virtual Tutorial project with the following objectives:

- To create a platform for establishing learning equity amongst tribal students of Odisha across disciplines and across University through a digital mechanism.
- To provide supplement to classroom teaching to colleges with inadequate teachers or otherwise.
- To provide through audio and video demonstration of concepts in virtual tutorial mode by expert teachers and through animation software.
- To provide bilingual support both in Odia and English to make them conversant with both.

Government of Odisha has provided Rs. 2.5 Crores under RUSA for the project. A state of the art studio has been established. During 2017-18 it is hoped that video lesson for the B.A/B.Com/B.Sc programme would be produced.

Besides on 27<sup>th</sup> November 2016 His Excellency Dr. S.C. Jamir, Hon'ble Governor of Odisha and our Chancellor has inaugurated the Centre for Teacher Education at DDCE, Utkal University for offering Integrated B.A/B.Sc B.Ed, B.Ed and M.Ed.

On 20<sup>th</sup> December 2016 Prof. (Dr.) A.K. Das, Vice Chancellor, Mr. M.K. Biswal, Registrar and Team DDCE led by Prof. S.P. Pani, Director, DDCE, Utkal University have laid the foundation of Platinum Jubilee Building at DDCE. This would be in place by 27<sup>th</sup> November 2017 our Platinum Foundation day.

On 20<sup>th</sup> March 2017, Shri G.V.V Sarma, IAS, Commissioner-cum-Principal Secretary to Govt. of Odisha has inaugurated the Utkal University's Civil Service Coaching Centre at DDCE.

NAAC Peer Team visited Utkal University from 17<sup>th</sup> November, 2016 to 19<sup>th</sup> November, 2016 and Utkal University has been awarded A+ Grade by NAAC. The team had also visited DDCE.

DDCE IT Team published the BA, B.SC and B.Com result of Utkal University (including our own) on 25<sup>th</sup> April 2017. This is a record for the University.

We welcome the 2017-18 batch to our family. We urge upon our students to make commitments to utilize their time, body and mind for pursuit of knowledge. They must go beyond the print course material and Personal Contact Programme. They must increasingly use online open sources of knowledge, teach each other and interact more with faculty members including outsiders. They must overcome difficulties and limitation and shine. Let them remember- **Satyam Param Dhimahee**, 'meditate on the highest truth' the aphorism Utkal University has adopted in its logo and practice the same. Let our students shine as lamps and light thousand others lamps.

**INDUSTRY – ACADEMIA IN COLLABORATION:**  
**ICICI BANK WITH UTKAL UNIVERSITY**  
**(Subject to renewal of MoU with ICICI Bank)**

The Industry – Academia collaboration between ICICI Bank and Utkal University is a giant step forward in creating a pool of banking literate pre-employment force in the country. This initiative will provide students industry specific learning on Banking and Financial Services. The Banking and Financial Services Industry (BFSI) is growing rapidly and this venture will enable the education sector to align its curriculum with banking industry needs. This will effectively bridge the gap between the industry need and the curriculum offered in Universities. This will also enable the banking industry to have a ready source of trained entry-level employees.

ICICI Bank has collaborated with Utkal University to make available course content, e-learning courses and faculty familiarization programs. ICICI Bank has set up a Learning Centre along with a bank lab simulator at DDCE, in the University.

The curriculum covers the basics of banking, retail credit, corporate and business credit, rural finance, customer service and business etiquette amongst others. This offering is a blend of Instructor Led Training (ILT), assignments and self paced e-learning and skill enhancement/ simulator lab sessions. The ILT aspect is being supported by ICICI Bank through its faculty familiarization workshops via the Train the Trainer methodology. The e-learning modules are a self-paced self-learning exercise.

To make the e-learning modules accessible to the students, ICICI Bank has facilitated an on-line Campus Learning Management System (Campus LMS) which will host the banking e-learning modules. This internet link will be the window into the world of banking for students. This initiative offers interactive and engaging e-learning modules on Foundations of Banking spanning 40 e-

learning days. Courses covering banking basics, quality, processes, compliance, behavior/ skill related and insurance are focus areas. The courses are followed by an assessment session – on clearing the same, the student will be awarded a certificate by DDCE.

Skill enhancement is a very important element of this initiative. The simulator learning offers exposure to the practical feel of transactions in the banking industry. Simulation based learning would allow students to practice transaction processing, application of knowledge and practice of soft skills.

The blend of theoretical information, self paced e-learning courses and practice/ skill development education will provide adequate knowledge and practice for students who wish to commence their career in banking. This collaboration will help academia prepare young people to handle banking transactions and services. Banks would be only too glad to hire skilled employees who are equipped to perform the tasks.

This collaboration is likely to change the face of young banking recruits – from tentative starters to confident professionals.

DDCE Utkal University is offering the course; DDCE is responsible for teaching-learning and conduct of examination. ICICI has extended it's collaboration to assist the Utkal University by gifting a state of Art Banking Lab and providing E-learning course ware.
